

WEEKLY TESTING LOGISTICS

USING THIS TEMPLATE

- (1) Add your school schedule in the first row, including which days which cohorts are in school. (e.g.: **HS Cohort A**)
- (2) In the days of the week boxes, write when each group of students (e.g., **HS Cohort A**) will experience each step in the testing process
- (3) In the red boxes in the far left column, track when during the day each step in the testing process will occur. Don't forget to write down the follow-up testing location
